RULES & INFORMATION

ACTION CLOCK: The Action Clock by Protection Poker will be used once the field is down to one table out of the money. Players will have 30 seconds to act on their hand. Players will receive four (4) time-extension chips, each worth 30 seconds. Upon reaching the final 24 players, each remaining player will reset to a maximum of six (6) time-extension chips. Upon reaching the final six players, each remaining player will reset to a maximum of eight (8) time-extension chips. In the case that time expires for a player with remaining time-extension chips, the player's Action Clock will automatically extend an additional 30 seconds. Collection of time-extension chips will take place at the end of the player's action. If a player's Action Clock expires and the player does not have any time-extension chips remaining, he/she will be (a) forced to check, if there is no bet pending or (b) fold, if facing a bet or raise. See WPT Action Clock Rules for more details.
