RULES & INFORMATION

ACTION CLOCK: The Action Clock by Protection Poker will be used once the field is down to one table out of the money. Players will have 30 seconds to act on their hand. The number of time-extension chips provided to each player will depend on the number of players in the money. Upon reaching the final 24 players, each remaining player will reset to a maximum of 6 time-extension chips. Upon reaching the final 6 players, each remaining player will reset to a maximum of 8 time-extension chips. In the case that time expires for a player with remaining time-extension chips, the player's Action Clock will automatically extend an additional 30 seconds. Collection of time-extension chips will take place at the end of the player's action. If a player's time expires and the player does not have any time-extension chips remaining, he/she will be forced to (a) check, if there is no bet pending or (b) fold, if facing a bet or raise. See WPT Action Clock Rules for more details.

ANTE FORMAT (BIG BLIND ANTE): Single ante will be posted by the player in the big blind, in the amount equivalent to the big blind. Ante is posted before the big blind and players are eligible to collect the entire ante, even when out of the big blind. Ante is maintained until the completion of the tournament.
