Tournament Action Clock

General Terms and Conditions

1. Each player will have fifteen (15) seconds to initially act on their hand preflop.
2. Once a player has *voluntarily* placed chips into the pot, the Tournament Action Clock will increase to thirty (30) seconds for each subsequent action of that player until the hand has concluded.
3. The small and big blind are forced bets and are not considered voluntary.
4. When the remaining players of the event are “in the money”, each player will have twenty (20) seconds to initially act on their hand preflop. All subsequent action of that player will remain at thirty (30) seconds per action.
5. When the event reaches six (6) players remaining, each action (including preflop) for all players remaining will be thirty (30) seconds.
6. Each player will receive ten (10) 30-second time extensions “chips”.
7. When the event reaches twenty-four (24) players remaining, each player will replenish up to six (6) time extension “chips”. Players above six (6) time extensions will retain their “extra” unused time and the extra “chips” will not be reduced.
8. When the event reaches 6 players remaining, each player will replenish up to six (6) time extension “chips”. Players above six (6) time extensions will retain their “extra” unused time and the extra “chips” will not be reduced.
9. Should an event reach 24 players prior to the close of registration, the six (6) time extensions will be replenished at the beginning of the level that follows the close of registration.
10. Time extensions will only be replenished when the tournament reaches 24 and 6 players remaining.
11. Dealers will initiate the start of the clock upon the completion of the deal. Time will begin for a player once the natural flow of play has come to a brief pause pending their action. Time will be reset for each player.
12. When a bet or raise has been made, the dealer will count and announce the bet or raise (including All In bets) prior to starting the Tournament Action Clock for the next player.
13. To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips when available.
14. When breaking a table, players will transport their time extensions, along with their tournament chips and in plain view, with them to their new seat.
15. Should a tournament day conclude during the Action Clock period of play, yet before a period in which time extensions are scheduled to be replenished, any unused time extensions will be placed in the players’ tournament chip bag and carry over to the next tournament day. Time extensions are to be treated with the same level of importance as tournament chips, and removal of time extensions *may* be subject to penalty up to and including disqualification.
16. The Tournament Action Clock will NOT be suspended unless an extreme situation arises in which play will be halted.
17. During tournament play, players are required to keep all time extension chips visible and on the table at all times.
18. Players will automatically lose one (1) time extension each time the Tournament Action Clock reaches zero (0) and will be instructed by the dealer to turn in the corresponding amount of time extensions used at the completion of their action. Players are not responsible for placing a time extension into the pot in real time.
19. In the event that a player does not have any remaining time extensions and their Tournament Action Clock reaches zero (0), the player’s hand will be declared dead.

TERMS AND CONDITIONS

This \$550 \$5K Milestone Survivor \$50,000 guaranteed poker tournament (the "Tournament") is a single day No Limit Hold'em event. This event will be offered on the following days:

- Saturday, June 3, 2023 at 5 p.m.

Entry Fee: \$550 Buy-in = \$480 (Tournament Prize Pool) + \$50 (Tournament Fee) + \$20 (Poker Staff Service Charge)

Registration:

Unlimited re-entry will be available until the start of level 9.

Starting Stack:

Players will start with 25,000 in tournament chips.

Length of Play:

20 minutes per level until completion.

Breaks:

10-minute break every 4 levels of play.

Players Per Table:

Tables will play 9-handed.

The Final Table will begin 9-handed.

Payouts:

The Tournament Prize will be one (1) \$5,000 award. The total number of available Tournament Prizes will be based on the total number of Entry Fees received. One (1) Tournament Prize, valued at \$5,000, will be generated for every 10.5 Entry Fees received (the "Tournament Prize Formula").

A Player who accumulates 280,000 in tournament chips ("The Milestone") or more will instantly be awarded one (1) Tournament Prize. Upon verification from the tournament supervisor that the player has achieved the Milestone, the player will cease play and the total of his/her chips will be removed from play.

The Tournament will conclude when the number of players remaining is equal to the number of \$5,000 prizes generated based on the Tournament Prize Formula, less the amount of players who have previously won the prize by reaching the Milestone. Any Tournament prize pool residual funds, less than a full \$5,000 prize, will be paid in Wynn Las Vegas casino chips to the last player eliminated prior to the conclusion of the Tournament.

Survivor tournaments do not allow alteration of the tournament prize pool.

Milestone Rules:

While the tournament staff will make the best effort to identify players as they achieve the Milestone, it is the responsibility of each individual entrant to notify the dealer or Tournament Supervisor when they have reached 280,000 in tournament chips.

A player who is dealt into a subsequent hand after achieving the Milestone will be required to complete the hand prior to being awarded the Tournament Prize. If, at the completion of the additional hand, a players' chip total falls below the Milestone they are not eligible to receive the Tournament Prize until their chip total is once again equal to or greater than 280,000.

A Tournament Supervisor must be called to verify the tournament chip count of a player who is making a claim for a Tournament Prize. Players may request that a Tournament Supervisor count their stack at any time between hands.

A player who assists another in counting their chip stack or notifying them that they have reached the Milestone is not in breach of the rules.

To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips when available.

Any form of collusion, including the removal of tournament chips from the table, may result in penalty up to and including disqualification.

On Day 2, a player eliminating a Bounty will receive a voucher for a “Mystery” Bounty prize. “Mystery” Bounty prizes may be redeemed by presenting the Mystery Bounty prize voucher to the Tournament staff located at the designated redemption location, at which time the player will randomly draw an envelope from the “Mystery Bounty” drawing drum to reveal their “Mystery” Bounty prize.

Once received, Mystery Bounty prize vouchers are the sole responsibility of the player. Lost or stolen Mystery Bounty prize vouchers will not be replaced.

“Mystery” Bounty prize amounts will be determined based on actual Tournament Entry Fees received and displayed in the Tournament area prior to the beginning of the Tournament restart on Day 2.

All Tournament and “Mystery” Bounty prizes will be paid in Wynn Las Vegas live casino chips.

“Mystery” Bounty prizes may be redeemed at the designated redemption area anytime during play on June 23, 2023, up until the Tournament has concluded. All eliminated players must redeem any earned “Mystery” bounty prizes prior to collecting their tournament payout.

“Mystery” Bounty prizes that have not been claimed by “Mystery” Bounty winners within the allotted timeframe will be drawn for in alphabetical order by last name, by Tournament staff, and held on account at the Encore at Wynn Las Vegas casino cage for thirty (30) days following the conclusion of the Tournament. If a “Mystery” Bounty prize is not claimed after thirty (30) days, the unclaimed “Mystery” Bounty prize will be forfeited and not awarded to an alternate winner.

In the event that one or more of the “bonus” envelopes have not been drawn at the conclusion of Day 2, all remaining bonus “Mystery” Bounty prize envelopes will be awarded to the player who is declared the winner of the Tournament.

In the event that the number of envelopes at the conclusion of the Tournament is incorrect, every effort will be made to determine which prize(s) is outstanding based on the prize list published at the beginning of play on June 23, 2023.

Length of Play:

Breaks:

15-minute break every 4 levels of play.

60-minute break after level 12 (approximately 7:30 p.m.)

Players Per Table:

Tables will play 8-handed.

The Final Table will begin 9-handed.

Payouts:

The prize pool payouts will be calculated based on the total number of entries utilizing the Wynn Poker proprietary pay scale. Approximately 10-11.5% of the total number of entries will finish in the money.

Progressive Bounty Rules:

The Tournament will reward participants for eliminating another player (the "Bounty"). Each player who eliminates a Bounty from the Tournament will receive a prize (as outlined below) from the Bounty prize pool.

Players are responsible for keeping their own Bounty chips visible and on the table at all times during their Tournament play. A player who misplaces or loses their assigned Bounty chips will be required to replace them at their own expense. Failure to follow this rule may result in penalty, up to and including disqualification and forfeiture of Tournament and Bounty chips.

When a player is eliminated from the Tournament, the winner(s) of that hand will be awarded all Bounty chips in possession of that eliminated player(s).

Bounty chips of multiple eliminated players will be combined prior to being divided among the winner(s).

Bounty chips are only to be used for purposes of the Bounty prize pool in this Tournament and will only be exchanged for a live poker chip as outlined below. Bounty chips have no cash value and cannot otherwise be exchanged or substituted. Each Bounty chip is assigned a value of \$250.

If a single winner eliminates a player(s), the Bounty chips from the eliminated player(s) will be divided in half by the dealer and one-half (1/2) of these Bounty chips will be exchanged, one-for-one, for a live casino chip valued at \$250. The remaining half of the Bounty chips from the

eliminated player will be added to the winning player's Bounty chip stack. If a player is eliminated with an odd number of Bounty chips, the "odd" Bounty chip will be added to the winning player's stack of Bounty chips.

In the event multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the Bounty prior to the start of the hand will receive an equally split portion of the Bounty chips of the eliminated player(s) prior to the dealer splitting and exchanging the Bounty chips as outlined in #11 above for each individual winner.

If there are insufficient Bounty chips to supply each winner with an even amount, the "odd" Bounty chip(s) will be awarded beginning with the player in the worst position (the first player left of the dealer button). If there are insufficient Bounty chips to supply each winner with a single Bounty chip, the Bounty chips will be awarded, one at a time, beginning with the player in the worst position (the player who acted first during the play of the hand).

Bounty chips will only be redeemed for live casino chips at the table by a Tournament supervisor immediately after the Bounty is earned. Bounty chips will not be permitted to be redeemed at any other time.

Removal of Bounty chips from the table or any attempt to manipulate or circumvent the Bounty chip exchange may result in penalty, up to and including disqualification.

In the event that multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the eliminated Bounty prior to the start of the hand will equally split the corresponding Bounty prize.

On Day 2, a player eliminating a Bounty will receive a voucher for a “Mystery” Bounty prize. “Mystery” Bounty prizes may be redeemed by presenting the Mystery Bounty prize voucher to the Tournament staff located at the designated redemption location, at which time the player will randomly draw an envelope from the “Mystery Bounty” drawing drum to reveal their “Mystery” Bounty prize.

The total number of available Tournament Prizes will be based on the total number of Entry Fees received. If, at the completion of the additional hand, a players' chip total falls below the Milestone they are not eligible to receive the Tournament Prize until their chip total is once again equal to or greater than 150,000.

A Tournament Supervisor must be called to verify the tournament chip count of a player who is making a claim for a Tournament Prize. Players may request that a Tournament Supervisor count their stack at any time between hands.

A player who assists another in counting their chip stack or notifying them that they have reached the Milestone is not in breach of the rules.

To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips when available.

Any form of collusion, including the removal of tournament chips from the table, may result in penalty up to and including disqualification.

The Tournament Prize will be one (1) direct entry seat into the *\$111,000 WPT Alpha 8 Poker Tournament* to be held on July 14-16, 2023. The total number of available Tournament Prizes will be based on the total number of Entry Fees received. One (1) Tournament Prize, valued at \$111,000, will be generated for every 10.2 Entry Fees received (the "Tournament Prize Formula").

A Player who accumulates 340,000 in tournament chips ("The Milestone") or more will instantly be awarded one (1) Tournament Prize. Upon verification from the tournament supervisor that the player has achieved the Milestone, the player will cease play and the total of his/her chips will be removed from play.

The Tournament will conclude when the number of players remaining is equal to the number of \$111,000 prizes generated based on the Tournament Prize Formula, less the amount of players who have previously won the prize by reaching the Milestone. Any Tournament prize pool residual funds, less than a full \$111,000 prize, will be paid in Wynn Las Vegas casino chips to the last player eliminated prior to the conclusion of the Tournament.

Milestone Rules:

While the tournament staff will make the best effort to identify players as they achieve the Milestone, it is the responsibility of each individual entrant to notify the dealer or Tournament Supervisor when they have reached 340,000 in tournament chips.

A player who is dealt into a subsequent hand after achieving the Milestone will be required to complete the hand prior to being awarded the Tournament Prize. If, at the completion of the additional hand, a players' chip total falls below the Milestone they are not eligible to receive the Tournament Prize until their chip total is once again equal to or greater than 340,000.

A Tournament Supervisor must be called to verify the tournament chip count of a player who is making a claim for a Tournament Prize. Players may request that a Tournament Supervisor count their stack at any time between hands.

A player who assists another in counting their chip stack or notifying them that they have reached the Milestone is not in breach of the rules.

To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips when available.

Any form of collusion, including the removal of tournament chips from the table, may result in penalty up to and including disqualification.
